MODEL 115 LOADER

4340 4940 5740
-----PRELIMINARY-----

	HP	43	49	57
A	Max Lift (in)	108	112	113
B	Reach @ Max Ht (in)	84	82	87
C	Clearance (in)	35	36.5	36.5
D	Dump Angle (deg)	54	56	50
F	Reach @ Ground (in)	76	78	74.5
G	Rollback (deg)	25	25	25
H	Digging Depth (in)	4.5	5.5	4.5
J	Overall Height (in)	58.5	58.5	60.5
	*Lift Capacity to Full Ht (lb)	2010	2175	2400
	*Breakout Force (lb)	3500	3800	4200
	*Lift Capacity @ 59" (lb)	2680	2885	3175
	Raise Time (1500/Full rpm) (s)	4.6	4.2	4.2
	Front Lower Time (1500)Full rpm) (s)	3.5	3.5	2.7
	Dump Time (1500/Full rpm) (s)	2.9	2.9	2.7
	Pressure Rating (psi)	2200	2350	2550
	Bucket Width/Capacity (in/ft^3)	72/12	72/12	72/12

**The lift capacity and breakout force are controlled by the relief setting of the tractor hydraulics which vary from tractor to tractor as indicated.*

- The low narrow profile enables greater operator visibility while complementing the hood design of the tractor.

- 72" 12 cubic foot quick attach bucket is standard.

- The mid-mount design allows for greater ease of tractor serviceability while simplifying loader mounting. Mid-mount design does not hinder turning radius as typical dog-leg loaders while providing a much cleaner, more integrated look.

- End-of-pin greasing aids in routine maintenance.

- Top of class specifications

- Universal quick attach allows for a vast range of attachments including:

- bale spear
- pallet forks
- grapple
- 4-in-one
- root grapple
- and either hydraulic or manual lock blades

Allowing for the ULTIMATE attachment versatility
