Item specifics

Condition: New: A brand-new, unused, unopened, undamaged item in its original packaging (where packaging is ... Read more

Offered in this auction is a rear axle wheel spacer kit (Kit includes two spacers, which can be 2 inch, 1.5 or 1.25 inch thick each) Note: Running a 54" Mid Mount mower, max width of spacers is 1 1/4 inch. The 60" MMM can accept the 2 inch spacers. for the rear axle for all Kubota BX model, John Deere 22xx & 23xx (We only make **the John deere in the 1.5"**) Massey GC24xx & 26xx tractors. We do have the front spacers available for these tractors & more spacers for other size tractor, please send us an email. Bro-Tek@hotmail.com

We are presently having a sale on the wheel spacers; by adding spacers to the rear axle on the tractor is one of the best improvements one can make.

A roll over with the tractor can happen very fast on uneven ground or a top heavy load. The spacers will greatly improve the machine stance. You can find many comments online like the one listed below.

These look to be a far superior product for the same money. One piece milled spacer with hub flange to carry the weight. If I were buying, I'd go for these ones

"I have had Bro-Tek wheel spacers on our BX-24 since we bought it, and I just wanted to shout out that they have proven a very worthwhile investment.

I run chains on all four tires in the winter. I cannot imagine trying to install/run chains in the back without the spacer.

I run on uneven ground (woods, lawn, etc.) all year, and the extra margin of stability is obvious."

The advantage of the Bro-Tek wheel spacers over our competitors;

We have a proven design since 2005 with a high quality product. 6061-T6 Billet Aluminum with grade 10.9 stud/nuts.

One piece milled spacer with the hub flange to carry the weight of the tractor; other only rely on the bolts (lower grade than 10.9) & no outer flange.

Everything is included in the kit, Wheel studs/nuts.

The stud remains on the spacer, making changing wheel very easy.

For more info on the wheel spacers, please click on the following link http://www.bro-tek.com/BX-Wheel_Spacer_Instruction.pdf

The spacers will fit all

Kubota series; BX22, BX23, BX24, BX25, BX1500, BX1800, BX1830, BX1850, BX2200, BX2230, BX2350, BX2360 & BX2660.

John Deere series; 2210, 2305

Massey Ferguson series; GC2400, GC2410, GC2600

Everything needed for the installation is included, (bolts and instructions). BUYER will pay \$25.00 for shipping and handling anywhere in the USA (around 7-11 business days). Pay-Pal. Payment is expected within 10 days after auction closes. I will ship within 48 hours after receiving payment. We ship USPS/Canada post (Please email us with any questions you have BEFORE bidding, as all sales are final. Wheel Spacers would make a great addition to your tractor. Thanks for viewing my auction.
